How to discover my passion?

1. List 10 things you love to do
2. Write down why you love to do each of them
3. Think about how you can use this to positively contribute to the world.....(then do it and see what happens!! 😊)

My passions

Listening to stories – sharing stories – helping others – trying new food – travel – expressing gratitude – reading books – listening to music – reflecting – building deep relationships

I love to learn and express myself – by learning more and sharing more, I will allow myself the opportunity to positively impact every human I meet

Choose to be
POSITIVE

**Do it better than you
have to!**
